Obligation Under Bond Reduced

DIV. OF OIL, GAS & MINING

Effective June 17, 2003, this office accepted a personal bond from Thirstystone Resources, Inc. for coverage of operations conducted by the principal on notice UTU-68571. The bond was accepted for statewide surface reclamation coverage of operations in Utah. The current amount of the statewide bond is \$20,722. A total of \$19,722 is obligated for 3809 notice UTU-68571.

The St. George Field Office has notified this office that a request for partial release of reclamation surety was received by their office. On January 26, 2011, the St. George Field Office approved the partial release of \$12,322 of the \$20,722. The remainder of \$7,400 will be retained for reclamation and re-vegetation on notice UTU-68571. By letter dated January 12, 2011, the State of Utah Division of Oil, Gas, and mining approved the partial release of the financial guarantee.

Therefore, this decision reduces the amount obligated under the bond for notice UTU-68571 to \$7,400 for reclamation and re-vegetation. A total of \$8,400 remains under the statewide bond and \$7,400 is obligated to notice UTU-68571 and \$1,000 is obligated to notice UTU-68868.

As requested by the bond principal/remitter, we are authorizing a partial release of the financial instrument pledged to secure the bond.

This decision, signed by the Authorized Officer having the delegated authority to do so, constitutes the bank's authority to reduce Letter of Credit No. 00258079-00-000 to the amended amount of \$8,400.

If you have any questions regarding this bond, please contact Opie Abeyta at (801) 539-4123.
